- slicing for layout tables, 127–131
- storage of in image folder, 484
- tiling of, 208
- weight of, 170, 171

@import CSS rule, 238–239

!important CSS declaration, 239–240

## Indents, 285–290

- blockquote HTML tag and, 222, 224, 285–286
- hanging, 289–290
- margin-left CSS attribute and, 286–287
- text-indent CSS attribute and, 287–289

Inheritance, CSS and, 235–237

## Inline images

- floating with CSS, 185–188
- positioning with HTML, 181–183

Inline links, 375

Inline quotes, HTML tag for, 222, 224–225

Interfaces, choosing colors for, 38–39

Internal links, 364

- document-relative link paths for, 364–366
- root-relative link paths for, 366–367

Internet Explorer

- child selectors and, 254
- default hyperlink colors, 38
- drop caps in, 345
- highlighted hyperlinks and, 352
- image files supported, 169
- margin control in with HTML, 163–164
- support of type sizing by, 273
- testing Web sites on, 494

Internet service providers (ISPs), Web hosting by, 495–496

## I

Jasc Paint Shop Pro, 172

JavaScript

- attaching scripts, 86–87, 89
- embedding scripts, 83–85, 89
- JavaScript links, 92, 93
- launching scripts with links, 91–92

JPEG files, 169–170, 174–175

Jump menus, 53–57

- clickable, 54, 56
- with graphical Go buttons, 56–57
- with HTML Go buttons, 54–55
- self-activating, 54, 55, 56

Justified type, 281–282

## K

kbd HTML tag, 228

Keys, HTML tag for, 228

Keywords, including in meta tags, 487–488

## L

label HTML tag, 437–440

Labels, form, 437–440

Language, specifying quote, 222

Larger relative length constant, 272

Layers, CSS. *See* Divs (divisions), CSS

Layout tables

- background colors in cells of, 149–153
- background images in cells of, 207–209
- creating fixed layouts with, 98–102, 103
- creating liquid layouts with, 115–120
- creating multicolumn layouts with, 133–136
- margin control in, 165–166
- nested, 98
- slicing images for, 127–131

Layouts

- balanced, 25–31
- fixed-width using CSS,
  - 103–104, 105–109, 111–114
- fixed-width using HTML tables,
  - 97–102, 103–104
- HTML vs. CSS, 103–104
- liquid (expando), 97, 115–120, 121–125
- margin control in with CSS, 165–166
- margin control in with HTML, 163–164
- multicolumn using CSS, 137–139
- multicolumn using HTML tables, 133–136
- preventing Nav bar from breaking
  - in, 141–147
- slicing images for, 127–131

Leading space, controlling, 278–279

Legends, fieldset, 432–434

Length constants, CSS, 272, 273

Length units, CSS, 270–272

letter-spacing CSS attribute, 279–280

Letters, spacing between, 279–280

Levels, 4, 483

line-height CSS attribute, 277–278

link HTML attribute, 351, 352

Links

- email. *See* Email links

- hyperlinks. *See* Hyperlinks

Liquid layouts, 97

- benefits of, 115

- creating with CSS, 121–125

- creating with HTML tables, 115–120

- removing extra whitespace from,
  - 163–164, 165–166
