Database-Design Diagram Symbols

The symbols I've used throughout the book to diagram data structures, relationships, relationship characteristics, and key designations are presented here for quick and easy reference.

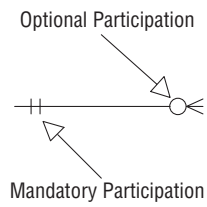

Relationship Types**Key Designations**

AK	Alternate Key	CAK	Composite Alternate Key
CK	Candidate Key	CCK	Composite Candidate Key
FK	Foreign Key	CFK	Composite Foreign Key
PK	Primary Key	CPK	Composite Primary Key

Deletion Rules

- (C)** Cascade
- (D)** Deny
- (N)** Nullify
- (R)** Restrict
- (S)** Set Default

Type of Participation**Degree of Participation**
